REVIEW

Check flagged entries

The badge next to **Student Activity** counts entries waiting for you. You see only your own team's students.

- An entry is flagged when it is longer than the activity's limit, usually 3 hours, or when a student logs more than three times in one day.
- **Approve** (green check): the points count.
- **Reject** (red X): the entry leaves the queue.
- **Trust** (shield): approve, and stop flagging this student.
- **Buddy Activity** works the same way for family members.
- The "?" next to the title repeats these rules.

The screenshot shows the 'Review Suspect Student Activities' screen for 'Maple Grove Elementary'. A table lists one entry to review:

Student	Activity	Flag	Logged	Points	Threshold	Date	Actions
Mateo Hernandez MA demo102 Nguyen - Room 12	Swimming	Over threshold	3hr 30min	18	3hr	Oct 16, 5:33 PM	Reject (X), Approve (check), Trust (shield)

One entry from Room 12: a 3.5-hour swim.
